229.1 Debug commands Tree  
229.2 Debug commands

229-7307  
229-7308

## 229.1 Debug commands Tree

### Description

This chapter gives an overview of nodes that are handled by "Debug commands".

### Command Tree

----debug-command

## 229.2 Debug commands

The commands of this node are to be used by Nokia certified personnel only.

Nokia can not be held responsible for any loss of data or revenue that occurs when these commands are executed by non Nokia certified personnel.

This node contains some commands which are launched either towards the LT or NT Trace and Debug shell or to the shub command shell.

The CLI commands as entered by the operator, will be translated in several Trace and Debug commands.

Those Trace and Debug commands will be executed by the Trace and Debug Shell of the specified LT or NT, or by the shub.

The result of those Trace and Debug commands will be processed, a filtered output will be displayed.
